16TH YEAR. NO. 143.

EAST LIVERPOOL, O., SATURDAY, NOVEMBER 24, 1900.

TWO CENTS

EXECUTORS WANT INTERPRETATION

The Will of the Late Mrs. Manley and That of Her Husband

CONFlict WITH EACH OTHER

Discovery Wasn't Made Until After the Executors Had Collected Some Money.

THE COURT WILL DECIDE IT

Lisbon, Nov. 24.—(Special)—Thomas and Manley and Thomas Buckley, executors of the estate of the late Maria Manley, of East Liverpool, are puzzled as to the distribution of her estate and have applied to the court for aid.

By her will Mrs. Manley disposes of the Manley homestead property in East Liverpool, the same to be divided between Thomas and Jethro Manley, Jr., Harriet Simms, Alice Buckley, William Manley and Rebecca Talbot, while the personal estate was also disposed of among heirs.

After her death, which occurred last year, the plaintiffs qualified as executors and as such proceeded to collect money due the estate and make distribution of the same when they discovered that the will of the late Ellyson Manley, husband of the deceased, and the will of the wife conflicted one with the other.

Ellyson Manley's will was made in 1861 and left his whole estate to his wife for her own use, except that she was to be guardian of Thomas and Jethro Manley and that the estate was to be used as such for their benefit.

The court is asked to rule as to the rights of the heirs.

AN UGLY CHARGE.

James Brashor, a Former Resident of This City, Accused of Assaulting His Mother.

The following in regard to former residents of this city is interesting:

James Brashor, one of the young men in jail on the charge of being concerned in the robbery of gas meters, may have to answer a more serious allegation. Yesterday afternoon Superintendent of Police Henry Muth, of Allegheny, made an information before Magistrate Henry Hunneshagen, of Allegheny, charging Brashor with felonious assault and battery on his mother, Mrs. James Carroll, of 200 East Robinson street, Allegheny.

Mrs. Carroll has been confined to her bed since the alleged assault, about a month ago. Her physician, Dr. W. M. Babb, notified Superintendent Muth yesterday that he could not predict the outcome of her injuries.

Brashor was arrested last Friday night by Detective T. J. O'Brien on the charge of robbing the grocery store of Mars Nobs, East Robinson street. The next day he confessed to being a member of the gang of gas meter thieves.

THE SUPPER

Given by the Young Ladies' Missionary Society Was an Immense Success.

The Young Ladies' Missionary society of the First Presbyterian church last evening upheld the reputation

they have so richly earned as being caterers of no small ability.

The supper they gave at the church last night was one of the best ever given in the city and at least 450 people were served, 24 turkeys being used. Everybody who attended the supper received fully 50 cents worth of eatables for 35 cents, and there was not a man, woman or child sorry they attended.

THE RIVER.

BUSINESS IS BRISK AT THE LOCAL WHARVES.

The City of Wheeling, a New Packet, Passed Up Last Evening.

Business along the river continued brisk today.

The City of Wheeling, a new packet, passed up last night for Pittsburgh. The boat will run in the Pittsburgh-Parkersburg trade. A good business was done at the local wharf.

The Ben Hur will not pass up on her regular trip tomorrow, as a break in the machinery has tied the boat up at Parkersburg. The Avalon will make the trip tomorrow in its place.

The City of Pittsburgh, which has been in the Pittsburgh-Louisville trade, has been taken off the Ohio river. The boat will run between Cincinnati and Memphis.

The Greenwood passed down last night for Charleston.

Tow boats continue to pass and a large amount of coal was taken down the river today. Unless the river continues to rise the large boats will be unable to get out.

The marks at the wharf this morning registered 10 feet and stationary.

NOTHING SPECIAL.

The East Liverpool School May Have Appropriate Exercises for Thanksgiving.

The schools of the city will be dismissed on next Wednesday evening, November 28, for the week, owing to Thanksgiving.

There may be appropriate exercises in the various buildings, although there is no general movement of that character, the heads of the different departments being permitted to use their own discretion regarding the nature of the exercises.

DROPPED DEAD.

Mrs. Belle Chambers Passed Away At Her Home at Wellsville Today.

Mrs. Belle Chambers, colored, died very suddenly at her home on Broadway, Wellsville, shortly before noon today.

Deceased had been suffering with dropsy for about five months. She was aged 44 years and is the mother of George White, of this city.

CONSTABLE SUES.

Miller Wants to Know Where He Comes in on a Case.

James A. Miller has entered suit in the court of Justice McLane against Lena Logan for \$10, claimed due for work and labor.

There is an interesting history connected with the case, involving two prominent attorneys, and when it comes to trial some interesting details will be brought out.

Eleven Cases.

Deputy Tax Collector J. M. Elliott before leaving the city placed 17 cases in the hands of Squire McCarron. The cases are for taxes.

HIGH SCHOOL WON ANOTHER GAME

Defeated the Diamond Indians On the Gridiron at Rock Springs Yesterday.

SCORE WAS SIX TO FIVE

Rigby Fumbled and Witherow Made a Run of 40 Yards and a Touch Down.

INDIANS WANT ANOTHER TRIAL

Again has victory perched itself upon the banners of the high school eleven and yesterday afternoon they defeated the Diamond Indians by a score of 6 to 5 in a clean, well played game.

The Diamond Indians kicked off and the high school boys made several gains, Rigby then went around the end for a gain of 8 yards, but lost the ball on a fumble and Witherow gathered it up and made a run of 40 yards for a touchdown.

The high school kicked off and the Indians played slow for time, making short gains through the line. The half ended with the ball in the Indians possession.

In the second half the high school kicked off and the Indians made a few short gains and then lost on downs. The high school got the ball in the middle of the field and proceeded to push the Indians back, Louthan and Armour making gains. Finally Armour took the ball between the end and tackle on two consecutive plays for a touchdown and kicked goal.

The Diamond Indians kicked off to the 20-yard line. The ball was carried for 30 yards by Armour, and Gardner made a 6-yard gain.

Fifteen-minute halves were played. The elevens lined up as follows:

Indians—5. High School—6. Hester Left end Gardner Cartwright Left tackle Dorff R. Price Left guard McBane Price Center Frederick Witherow Right guard Orrin Gibson Right tackle Scheppe Stevenson Right end Louthan Robinson Right half Cripps Coleman Left half Rigby Pollock Quarterback Clinton Tyson Fullback Armour Referee, Woods; umpire, Stevenson; touchdowns, Armour, Witherow.

Notes.

The Indians would like to play the high school without Prof. Armour in the game.

If the high school eleven continues to improve they will be able to play anything in the city.

It was Prof. Armour's third game this week and still he don't look any the worse for wear.

A RUMOR

That Will George, of East Palestine, Will Manage the Peoria Pottery.

The Peoria correspondent to the Commoner says:

There is a rumor here that William George, manager of the East Palestine and Canonsburg shops, is going to manage this shop after the first of the year. Mr. George was over here about a month ago looking over the shop. It may be all right for us, but as a rule managers always have some

men who they want to bring with them and may be some of us will be out.

This is only a rumor, but there are good grounds for it. It looks like the shop here will continue on the bum till Christmas.

NATIONAL GUARDS

Want the Tigers to Settle Before They Play Another Game With Them.

Those who have something to do with the management of the National Guard foot ball club assert that no game will be played with the Royal Tigers until the dispute in regard to a settlement of the receipts of the game last Monday is made.

When the game was arranged it was agreed that the proceeds should be divided on the plan of 40 and 60 per cent, the winner to have the big end of the deal.

Manager Smith, of the park, will recognize no one in the transaction but Manager Gallaher, of the Royal Tigers, who hired the grounds from him, and paid the money to him.

According to the best authority the game was won by the National Guards, but Gallaher steadfastly refuses to pay them the winner's share.

Accordingly the management of the National Guards will not consent to play until a settlement is made.

DENTISTRY.

The 20th Century Dental Parlors Are Winning Very Warm Commendation.

And there are practical, satisfactory reasons for this gratifying result to the proprietor and to the patron. The materials made use of are the very best, the workmanship is unequalled, and the prices are very reasonable, three essential requisites to complete success, and which have built up a wonderfully successful business for the genial and courteous proprietor. You will make no mistake in trusting your dental work to the 20th Century Dental Parlors. Read carefully the advertisement on our third page in today's issue.

The Misses Stewart Entertain.

New Cumberland Independent.

Misses Leone, Jane and Maude Stewart entertained at their pleasant home in Gas valley last Wednesday evening.

The affair was unique in all its arrangements and was one of the most pleasant social functions of the season. It was given in honor of Miss Ina Mayhew, who was soon to return to her home in New Brighton after a protracted visit in the valley. Miss Mayhew is a charming young lady and very popular in social circles. She will be much missed.

Not a Victory for Bryan.

The Lisbon correspondent erred yesterday in representing the Bryan-Burd ford case.

The last time the case was tried Bryan was given \$3,000 damages and on yesterday he was only awarded \$1,000. Instead of being a victory for Bryan this is a victory for the defendants.

Mick Entered Suit.

Lisbon, Nov. 24.—(Special)—George T. Mick has entered suit in court against John Williams, of Wellsville, to recover \$107 which is due for work hauling timber. Judgment was entered in the lower court for the full amount.

Mr. and Mrs. Harry Smith left for their home in Atlantic City yesterday afternoon after a visit with Miss Mary Brookes, Ralston Crossing.

THE CITY LOST THE IVERS CASE

He Sued For \$5,000 For the Death of His Wife, but the Jury

DIDN'T ALLOW THE CLAIM

They Gave Him \$500 by Reason of the Damage to His Property.

CELLAR WALLS WERE RUINED

Lisbon, Nov. 24.—(Special)—The jury in the case of William Ivers, administrator of Mary A. Ivers, against the city of East Liverpool, were charged at 9 o'clock last night and after about two hours deliberation returned a verdict in favor of the plaintiff for \$500.

The jury decided that Ivers was not entitled to damages by reason of the death of his wife and the amount rendered in judgment was awarded for damages to the cellar of his house by reason of the water leaking through from Peach alley.

He sued for \$5,000.

PERSONAL NEWS

Paragraphs About People Coming And Going And Those Who Are Sick.

Fred Earl returned to the city today after a visit with his parents at Salineville.

Charles Zang was in Pittsburgh today attending the foot ball game.

Harvey Dailey returned to Pittsburgh today after a short visit in the city.

City Treasurer S. T. Herbert, accompanied by his mother, is spending the day in Pittsburgh.

Sheriff-elect Charles Allison, of near Fairview, Hancock county, is in the city today.

Joseph G. Lee left yesterday afternoon for Washington, D. C.

D. M. Ogilvie returned home yesterday from a trip to New York.

Mrs. M. E. Calhoun has returned home after a six-weeks' visit with relatives in Canton.

INGRATITUDE.

Ingratitude is one of the very meanest and most despicable traits in human nature. You load some miserable creature with favors for years, and he will then turn about and sting the hand which has fed him. We have several of him in East Liverpool. Poor, pitiable, contemptible, measly fellows. The only thing they fully appreciate at its true value is a stiff blow in the jugular or on the point of the chin. They are not susceptible to refining influences or kindness. Save one of the class from the penitentiary and he will do you dirt on the first good opportunity. You know him. No need to name him in these columns. Oh, the baseness of ingratitude.

VILE PAPERS.

They are a power for evil in any community. They pander to the vicious and depraved class, and are a curse to any city or town. No good and true citizen should admit such a sheet to his family. He is nourishing a viper which will sting and poison his boys and girls and doom them to a life of sin, shame and sorrow. Have a care.

Manager Smith, of the park, will recognize no one in the transaction but Manager Gallaher, of the Royal Tigers, who hired the grounds from him, and paid the money to him.

According to the best authority the game was won by the National Guards, but Gallaher steadfastly refuses to pay them the winner's share.

Accordingly the management of the National Guards will not consent to play until a settlement is made.

DENTISTRY.

The 20th Century Dental Parlors Are Winning Very Warm Commendation.

And there are practical, satisfactory reasons for this gratifying result to the proprietor and to the patron. The materials made use of are the very best, the workmanship is unequalled, and the prices are very reasonable, three essential requisites to complete success, and which have built up a wonderfully successful business for the genial and courteous proprietor. You will make no mistake in trusting your dental work to the 20th Century Dental Parlors. Read carefully the advertisement on our third page in today's issue.

The Misses Stewart Entertain.

New Cumberland Independent.

Misses Leone, Jane and Maude Stewart entertained at their pleasant home in Gas valley last Wednesday evening.

The affair was unique in all its arrangements and was one of the most pleasant social functions of the season. It was given in honor of Miss Ina Mayhew, who was soon to return to her home in New Brighton after a protracted visit in the valley. Miss Mayhew is a charming young lady and very popular in social circles. She will be much missed.

Not a Victory for Bryan.

The Lisbon correspondent erred yesterday in representing the Bryan-Burford case.

The last time the case was tried Bryan was given \$3,000 damages and on yesterday he was only awarded \$1,000. Instead of being a victory for Bryan this is a victory for the defendants.

Mick Entered Suit.

Lisbon, Nov. 24.—(Special.)—George T. Mick has entered suit in court against John Williams, of Wellsville, to recover \$107 which is due for work hauling timber. Judgment was entered in the lower court for the full amount.

CELLAR WALLS WERE RUINED

Lisbon, Nov. 24.—(Special.)—The jury in the case of William Ivers, administrator of Mary A. Ivers, against the city of East Liverpool, were charged at 9 o'clock last night and after about two hours deliberation returned a verdict in favor of the plaintiff for \$500.

The jury decided that Ivers was not entitled to damages by reason of the death of his wife and the amount rendered in judgment was awarded for damages to the cellar of his house by reason of the water leaking through from Peach alley.

He sued for \$5,000.

INGRATITUDE.

Ingratitude is one of the very meanest and most despicable traits in human nature. You load some miserable creature with favors for years, and he will then turn about and sting the hand which has fed him. We have several of him in East Liverpool. Poor, pitiable, contemptible, measly fellows. The only thing they fully appreciate at its true value is a stiff blow in the jugular or on the point of the chin. They are not susceptible to refining influences or kindness. Save one of the class from the penitentiary and he will do you dirt on the first good opportunity. You know him. No need to name him in these columns. Oh, the baseness of ingratitude.

VILE PAPERS.

They are a power for evil in any community. They pander to the vicious and depraved class, and are a curse to any city or town. No good and true citizen should admit such a sheet to his family. He is nourishing a viper which will sting and poison his boys and girls and doom them to a life of sin, shame and sorrow. Have a care.

CASH FOR THE OHIO RIVER

▲ Decided Effort Will Be Made to Get an Appropriation From Congress.

DAMS ARE BADLY NEEDED

Local Parties Will Endeavor to Get Hon. R. W. Tayler Interested

SENT A PETITION LAST YEAR

Several months ago a large petition was drawn up in this city and presented to Hon. R. W. Tayler, asking that he use his best efforts in congress to have the Ohio river dammed sufficiently so that it will be navigable the year around.

There has not been a coal boat stage in the river between June 18 and November 23, with the exception of a light shipment on July 27.

This is the longest period the river has been unnavigable for years, and the people here who are interested are very desirous of having a change.

They propose to ask Congressman Tayler to help get an appropriation from congress and represent them in a way that they will get relief, as they fully recognize his ability to push any matter in which he is interested, and feel confident that he will look after the interests of his district in a capable manner.

Another thing that has buoyed the local people on to a decision is the fact that Congressman E. F. Acheson, of Washington, says he proposes to devote his entire time to securing appropriations for the Ohio and Monongahela rivers.

He is a member of the committee on rivers and harbors, and thinks that all the money spent in improving the waterways hereabout will go to these two rivers—for the Monongahela \$1,600,000 will be asked. This is to be used in rebuilding dams 1, 2, 3, 4, 5 and 7. When this work is completed the congressman says that the river will be in good shape.

On the Ohio three new dams are to be asked for. One is to be at Parkersburg, another at or near the mouth of the Little Miami and the third below Cincinnati. Mr. Acheson says it is the desire of those interested in the improvement of the Ohio to secure appropriations for more dams at this session, but he doubts if it can be done. He thinks that the government could well afford to complete the slackwater system between Pittsburgh and Cincinnati, insuring a navigable river the year around.

Congressman John Dalzell is also working to secure a deeper river between Pittsburgh and the south. His

plan is to make the depth of the pools nine feet instead of six. A bill to accomplish this will be introduced by Mr. Dalzell. It would be necessary to dredge the channel, the plan being to take out three feet just below the dam. The depth could then be gradually decreased as the next dam was neared. It is said that it would only be necessary to dredge as far as the Beaver river.

The interests of the Allegheny will be looked after chiefly by Congressman W. H. Graham, Joseph C. Sibley and the other representatives whose districts border on that stream. It is doubtful if much can be secured for this stream, as the members of the river and harbor committee usually work together. Mr. Acheson is the Pennsylvania member, and he is more interested in the improvement of the Ohio and Monongahela than the Allegheny.

Mr. Acheson says there will be no hope for an appropriation for the Youghiogheny river at this season. For many years an effort has been made to secure government aid in making this stream navigable. The committee has always refused to pass upon it favorably.

The parties here are willing to use every effort within their power to have the river improved and think that Hon. R. W. Tayler would make a valuable addition to the committee that is now working for the betterment of the river. They also think some of the money to be expended should be spent near this city, and the three dams are not all that are needed.

A LOT OF FILTH PASSED THE CITY

Wickets at Davis Island Dam Lowered Yesterday and a Telegram Sent Here

TO WATER WORKS DEPARTMENT

Pumps Continued to Work and a Part of the Filth Went Into the Reservoir.

WHERE'S THE NEW RESERVOIR?

It is customary for the government officials at Davis island dam to notify all the towns along the river when the wickets at the dam are to be lowered, and a telegram was received in this city yesterday afternoon notifying the local water works department.

This simply means that all the filth that had accumulated in the dam since June 18 started to pass this city about 2 o'clock yesterday afternoon and was still passing at midnight. The announcement by the goverment officials is made in order that all the cities that depend upon the Ohio river for their water supply can shut down their pumps and wait until the filth has passed.

The telegram made no difference with this city, and while the filth passed here still the pumps worked on pumping the water into the reservoir, where it passed out through the mains into the homes of the people of this city, to be used and drank.

The filth has all passed, but the water pumped into the reservoir and thence into the mains has not all been used and it is a shame that such a state of affairs exists.

The question naturally with all people would be: "Why were the pumps not stopped until the filth passed?" It is one very easily answered, "Simply because the city would have to do without any water if the pumps were stopped for any length of time, as the supply is about equal to the demand."

The pumps should be shut down at least two or three days in order to be on the safe side, but it cannot be done with the present facilities.

Work was started on a new reservoir last year, and people in the city would like to know why it is not finished. If it had been completed the people here would have an abundant water supply to last several days and the pumps could have been stopped.

That reservoir should be finished as soon as possible, so that the next time the wickets are lowered the filth can go by this city, at least without being pumped into our reservoirs.

It would be impossible to imagine the amount of filth that collects in the dam during the several months, and if the water was not very unsanitary and unhealthy the government would not take the trouble to notify towns along the river that it was coming.

What is needed is a determined and decided effort to have that new reservoir finished as soon as possible. East Liverpool is noted the country over for its splendid water works system, but there is not enough of it. The reservoir is badly needed in order that the residents may get clean, healthy water at all times.

SATURDAY, NOVEMBER 24, 1900.

FRANCE.

France shows her hatred of England in her reception of Oom Paul Kruger.

NAVIGABLE.

By all means make the Ohio river navigable the year around. Bless the legislators who will accomplish this desirable feature.

STREET CAR SERVICE.

Will our councilmen comply with the wish of the people and compel better service? The law is specific and plain. Enforce that law.

FILTHY WATER.

Is it not a burning shame that the citizens of East Liverpool are compelled to drink filth and refuse? Will not wise legislation and legitimate expenditure remedy the awful evil?

DON'T DO IT.

Don't censure a man for advocating the right. Condemn him for advocating the wrong. The surest evidence that a man is in the right path, and advocating truth and right and purity and clean life, is the fact that every evil and vile and bad woman or man in the city hates him from center to circumference.

WATCH HIM.

Watch who? Watch the ward heelers and bleeder. Keep your eye upon him, candidates for office. He professes to be a vote gatherer. Call him down. His influence don't amount to shucks. He's the smallest potato in the hill. He's merely a nubbin' among the full ears of corn. Turn him down. Freeze him.

EVIL DEEDS.

Evil deeds. They love darkness rather than light. Respectfully referred to the members of our city council. Help as out, gentlemen, with an arc light, placed in the center of Forest and Walnut streets. Forest sadly needs it, while Walnut, between Forest and Kossuth, will be greatly benefited.

THE DIFFERENCE.

Observant business men will tell you that careful observation of their employes demonstrates the fact that there are two special classes of workmen, widely different in their characteristics. One class can best be designated as the "Slow Starters" and "Quick Quitters." This class finds it exceedingly difficult to be on hand when the whistle blows, and generally manage, when they are on hand, to start to work about five or ten minutes after the proper time for commencing work. The spirit of unfairness characterizes them throughout the day, and their principal aim seems to be to kill time and do as little as possible for their employer. This is a good class to do without, and the wise business man will only employ its members when he cannot secure their superiors. The second class is composed of men and women who are always on time and who actually dread to be late. They are generally on hand a few minutes before starting time and commence active work the minute the whistle blows or the bell rings. They are not rushers or splutterers, but simply make it their aim to give a fair day's work for a fair day's wage. They do not tackle work eagerly when the employer is present and loaf when his back is turned. They do their work conscientiously and carefully, and seem to be aware of the fact that their interests are identical with those of their employer. They take good care of tools and keep their special departments in neat order, and see that everything is ship shape before leaving for home. The members of this class are treasures, much to be desired. They are always sure of steady employment, at remunerative wages. They are believers, practically, in the golden rule. Which class do you represent?

Diamonds a Special Feature.

I MOST respectfully urge upon those who practice the beautiful habit of gift-giving at Christmas (which should comprise all who entertain the sentiments of love, or regard, or sympathy, or good-will) to visit my store at this eleventh hour, instead of waiting for a later time. The appeal is not entirely selfish, for I want to give every prospective buyer the opportunity for deliberate choice, assisted by my judgment and technical knowledge. Such opportunity is not so full and complete in the pressure of the busy days when the hand is nearing twelve. Nor is the choice of goods so large and fine in the waning hour, for here and there attractive pieces are picked out by the forehanded buyer, the assortment is broken, the completeness is shattered. I have practiced the advice which I am here preaching, in provisioning my store. My Christmas stock is substantially all on view now. There are odds and ends yet to come, but the bulk of my purchases is here. I have far surpassed my preparations in previous years and my shelves and show cases contain something for everybody who contemplates making a gift. This collection is yours to see and examine freely, without incurring any obligation to purchase—and to see and examine again and again, if you appreciate the beautiful in Art, even if your mind is set on books, or furniture, or dry goods, or whatnot, for your gift. You may make my store a meeting place with your friends, or a show place for your visitors, or a resting place for yourself, in comfortable assurance that I will not intrude business upon you inopportune. And if you suggest the business, I will tell you the truth as to qualities, will give you the right prices as to values, will store your purchases until you want them, and will make you comfortable in mind and purse, so endeavoring to deserve your confidence from the first hour to the twelfth of the year of trade.

Is it not a burning shame that the citizens of East Liverpool are compelled to drink filth and refuse? Will not wise legislation and legitimate expenditure remedy the awful evil?

DON'T DO IT.

Don't censure a man for advocating the right. Condemn him for advocating the wrong. The surest evidence that a man is in the right path, and advocating truth and right and purity and clean life, is the fact that every evil and vile and bad woman or man in the city hates him from center to circumference.

WATCH HIM.

Watch who? Watch the ward heelers and bleeders. Keep your eye upon him, candidate for office. He professes to be a vote gatherer. Call him down. His influence don't amount to shucks. He's the smallest potato in the hill. He's merely a nubbin' among the full ears of corn. Turn him down. Freeze him.

EVIL DEEDS.

Evil deeds. They love darkness rather than light. Respectfully referred to the members of our city council. Help as out, gentlemen, with an arc light, placed in the center of Forest and Walnut streets. Forest sadly needs it, while Walnut, between Forest and Kossuth, will be greatly benefited.

THE DIFFERENCE.

Observant business men will tell you that careful observation of their employes demonstrates the fact that there are two special classes of workmen, widely different in their characteristics. One class can best be designated as the "Slow Starters" and "Quick Quitters." This class finds it exceedingly difficult to be on hand when the whistle blows, and generally manage, when they are on hand, to start to work about five or ten minutes after the proper time for commencing work. The spirit of unfairness characterizes them throughout the day, and their principal aim seems to be to kill time and do as little as possible for their employer. This is a good class to do without, and the wise business man will only employ its members when he cannot secure their superiors. The second class is composed of men and women who are always on time and who actually dread to be late. They are generally on hand a few minutes before starting time and commence active work the minute the whistle blows or the bell rings. They are not rushers or splutterers, but simply make it their aim to give a fair day's work for a fair day's wage. They do not tackle work eagerly when the employer is present and loaf when his back is turned. They do their work conscientiously and carefully, and seem to be aware of the fact that their interests are identical with those of their employer. They take good care of tools and keep their special departments in neat order, and see that everything is ship shape before leaving for home. The members of this class are treasures, much to be desired. They are always sure of steady employment, at remunerative wages. They are believers, practically, in the golden rule. Which class do you represent?

Diamonds a Special Feature.

I MOST respectfully urge upon those who practice the beautiful habit of gift-giving at Christmas (which should comprise all who entertain the sentiments of love, or regard, or sympathy, or good-will) to visit my store at this eleventh hour, instead of waiting for a later time. The appeal is not entirely selfish, for I want to give every prospective buyer the opportunity for deliberate choice, assisted by my judgment and technical knowledge. Such opportunity is not so full and complete in the pressure of the busy days when the hand is nearing twelve. Nor is the choice of goods so large and fine in the waning hour, for here and there attractive pieces are picked out by the forehanded buyer, the assortment is broken, the completeness is shattered. I have practiced the advice which I am here preaching, in provisioning my store. My Christmas stock is substantially all on view now. There are odds and ends yet to come, but the bulk of my purchases is here. I have far surpassed my preparations in previous years and my shelves and show cases contain something for everybody who contemplates making a gift. This collection is yours to see and examine freely, without incurring any obligation to purchase—and to see and examine again and again, if you appreciate the beautiful in Art, even if your mind is set on books, or furniture, or dry goods, or whatnot, for your gift. You may make my store a meeting place with your friends, or a show place for your visitors, or a resting place for yourself, in comfortable assurance that I will not intrude business upon you inopportune. And if you suggest the business, I will tell you the truth as to qualities, will give you the right prices as to values, will store your purchases until you want them, and will make you comfortable in mind and purse, so endeavoring to deserve your confidence from the first hour to the twelfth of the year of trade.

EAST END.

WILL INCREASE THE CAPACITY

Potters' Mining and Milling Company to Build Extensive Addition at Once.

THEIR TRADE IS VERY GOOD

The Numerous Additions to the Potting Industry Has Made the Addition Necessary.

ALL THE NEWS OF EAST END

The Potters Mining and Milling company, in the East End, have concluded, owing to the increased demand for the product, to make extensive improvements. The materials produced by them are absolutely indispensable, and since the various potteries of the city have increased their capacity the demand is greater than their present facilities can supply.

The plant now has a capacity of 18 cylinders, and yesterday measurements were made and figuring done with the end in view of adding 14 cylinders to the present number.

It is said this work will be commenced at once, and the firm hopes to have it completed by the first of the year.

ROYAL TIGERS

Are Willing to Meet the National Guards at Any Grounds They Will Select.

At a meeting of the Royal Tigers held in East End last night, all member of the team being present, it was definitely decided to place a forfeit of \$25 in the hands of Dr. F. F. Davis for a game with the National Guards.

It was also decided to be magnanimous in regard to the place selected for the playing of the game, and they will go anywhere the Nationals may select, excepting Wellsville.

There has been some dispute as to the division of the gate receipts of the last game; but this, Manager Gallaher says, will be settled to the satisfaction of the management of the National Guards just as soon as the arrangements for the next game are completed. All details will be arranged when the \$25 in the hands of Dr. Davis is covered, and the disposition of the Tigers is to place no obstacles in the way of a meeting.

IN THE MUD.

A Wagon Belonging to the J. T. Smith Lumber Company Got Stuck.

The J. T. Smith lumber wagon stalled in the mud on Virginia avenue this morning, and it was some time before it could be gotten loose. The wheels

had sunk into the mud almost to the hub, and it was impossible for the horse to pull it out.

Kerr Bros.' team was secured, and after several efforts to pull the load out from the front, they were compelled to unhitch the horse and pull the wagon out backwards. The outfit was loaded with slate.

Toilet Fixtures.

We are showing a complete line of bath room fixtures. Come and see what we have, at least, at the Eagle Hardware Co.

Organizing a Euchre Club.

A number of the employes of the various departments at the Klondike pottery some time ago organized an euchre club, and have gotten a great deal of enjoyment out of the sport. Two kiln hands had about decided to drop out, as they had not won a single game. Yesterday they succeeded in getting a game, and are now the most enthusiastic members of the club.

Business Has Increased.

The business of the American Steam Laundry, under the present management, has materially increased within the last three weeks, and promises to take its place among the foremost enterprises of this vicinity.

Rookwood Art Pottery.

Artistic art pottery in design and coloring. Its equal is not made. Sold only by the Eagle Hardware Co.

Will Play at Lisbon.

The Royal Tigers will play the Lisbon eleven in Lisbon on Thanksgiving day. A large number of rooters will accompany the team.

Gas Will be Shut Off.

East End people are today arranging matters in order to be prepared for the shutting off of the gas between 2 and 3 o'clock.

Visiting in East End.

Miss Mary Bundy, of Colerain, O., is a guest at the home of Mr. and Mrs. J. B. Malen, Mulberry street.

Les Cing Fleurs.

Sterling silver, the latest productions of one of the leading silversmiths in this country. You should call and inspect it at the Eagle Hardware Co.

SOUTH SIDE.

A MEETING

Of the Board of Education of Grant District Was Held Yesterday.

The board of education of Grant district met yesterday afternoon, members Thomp. Allison, E. E. Hewitt, B. J. Newell and Clerk A. G. Pugh were present and all the Chester schools were visited.

At the new department in the Burns building it was found that the room was overcrowded, and the board deemed it advisable to send a number of the pupils to Miss Milady's school in the lower end of town.

The question then arose as to how the pupils were to get to school during the rough weather, and since the Rock Springs street railway had been carrying such of the scholars as live at the extreme east end of town to the present building, the board decided to request them to arrange for the transportation of these pupils as far south as the Thompson building. If this is done the scholars will have but a short distance to walk to school.

Manager Flood was interviewed yesterday in regard to the matter, and the board are to receive an answer on Monday.

Taking an Invoice.

An invoice is being taken at the

Chester grocery, preparatory to starting the new year.

A. J. Thrasher, Oliver E. Bingham and G. A. Arner have been busily engaged at the work since yesterday and will finish up tonight.

The year had expired on October 24 and the work has been delayed for almost a month, owing to the firm being too busy to attend to it before.

Manager George A. Arner has been engaged for another year, together with all the former employees. A new bookkeeper will be put to work about the first of the year.

Cutlery Department.

This is where you can find all the latest ideas in sterling silver, cut glass and art pottery ware. The Eagle Hardware Co.

Southside Notes.

Miss Nannie and Blanche Daman, of New Cumberland, are guests of friends in Chester.

Rachel Baxter and Annie Bambrick are today calling at the home of Mr. and Mrs. O. O. Allison.

Prof. George Fullerton, one of the most prominent educators of Hancock county, residing in Fairview, was in Chester today.

A branch of the Mystic Circle will be organized in Chester next week. The new lodge will be instituted in Mechanics hall.

James Cameron, of Fairview, is in the city.

Robert Banfield will leave the first of the week to take a position as roller in the mill at Canal Dover.

Dedication Services.

All arrangements have been completed for the dedication tomorrow of the Methodist Episcopal church.

Bishop John W. Hamilton, of San Francisco, arrived from Pittsburg this afternoon and Rev. Mechem, of Wilkinsburg, came in this morning. All others who have a part in the program will be in on time and the printed program will be carried out to the letter.

A New Telephone.

A new Columbiana county telephone has been placed in the Taylor, Lee & Smith pottery. The number is 380.

No Services Tomorrow.

There will be no services at the Free Methodist church tomorrow, owing to the dedicatory services at the Methodist Episcopal church.

Went to Fairview.

James Reed went to Fairview today to spend Sunday with his parents.

Salts and Peppers.

We have just received a nice line of genuine cut glass, sterling top, salts and peppers at very reasonable prices, at the Eagle Hardware Co.

EAST END.

WILL INCREASE THE CAPACITY

Potters' Mining and Milling Company to Build Extensive Addition at Once.

THEIR TRADE IS VERY GOOD

The Numerous Additions to the Potting Industry Has Made the Addition Necessary.

ALL THE NEWS OF EAST END

The Potters Mining and Milling company, in the East End, have concluded, owing to the increased demand for the product, to make extensive improvements. The materials produced by them are absolutely indispensable, and since the various potteries of the city have increased their capacity the demand is greater than their present facilities can supply.

The plant now has a capacity of 18 cylinders, and yesterday measurements were made and figuring done with the end in view of adding 14 cylinders to the present number.

It is said this work will be commenced at once, and the firm hopes to have it completed by the first of the year.

ROYAL TIGERS

Are Willing to Meet the National Guards at Any Grounds They Will Select.

At a meeting of the Royal Tigers held in East End last night, all member of the team being present, it was definitely decided to place a forfeit of \$25 in the hands of Dr. F. F. Davis for a game with the National Guards.

It was also decided to be magnanimous in regard to the place selected for the playing of the game, and they will go anywhere the Nationals may select, excepting Wellsville.

There has been some dispute as to the division of the gate receipts of the last game; but this, Manager Gallaher says, will be settled to the satisfaction of the management of the National Guards just as soon as the arrangements for the next game are completed. All details will be arranged when the \$25 in the hands of Dr. Davis is covered, and the disposition of the Tigers is to place no obstacles in the way of a meeting.

IN THE MUD.

A Wagon Belonging to the J. T. Smith Lumber Company Got Stuck.

The J. T. Smith lumber wagon stalled in the mud on Virginia avenue this morning, and it was some time before it could be gotten loose. The wheels

SOUTH SIDE.

A MEETING

Of the Board of Education of Grant District Was Held Yesterday.

The board of education of Grant district met yesterday afternoon, members Thomp. Allison, E. E. Hewitt, B. J. Newell and Clerk A. G. Pugh were present and all the Chester schools were visited.

At the new department in the Burns building it was found that the room was overcrowded, and the board deemed it advisable to send a number of the pupils to Miss Milady's school in the lower end of town.

The question then arose as to how the pupils were to get to school during the rough weather, and since the Rock Springs street railway had been carrying such of the scholars as live at the extreme east end of town to the present building, the board decided to request them to arrange for the transportation of these pupils as far south as the Thompson building. If this is done the scholars will have but a short distance to walk to school.

Manager Flood was interviewed yesterday in regard to the matter, and the board are to receive an answer on Monday.

Taking an Invoice.

An invoice is being taken at the

Chester grocery, preparatory to starting the new year.

A. J. Thrasher, Oliver E. Bingham and G. A. Arner have been busily engaged at the work since yesterday and will finish up tonight.

The year had expired on October 24 and the work has been delayed for almost a month, owing to the firm being too busy to attend to it before.

Manager George A. Arner has been engaged for another year, together with all the former employees. A new bookkeeper will be put to work about the first of the year.

Cutlery Department.

This is where you can find all the latest ideas in sterling silver, cut glass and art pottery ware. The Eagle Hardware Co.

Southside Notes.

Miss Nannie and Blanche Daman, of New Cumberland, are guests of friends in Chester.

Rachel Baxter and Annie Bambrick are today calling at the home of Mr. and Mrs. O. O. Allison.

Prof. George Fullerton, one of the most prominent educators of Hancock county, residing in Fairview, was in Chester today.

A branch of the Mystic Circle will be organized in Chester next week. The new lodge will be instituted in Mechanics hall.

James Cameron, of Fairview, is in the city.

Robert Banfield will leave the first of the week to take a position as roller in the mill at Canal Dover.

THE INTERSECTION

AT WEST MARKET AND TRENT-VALE STREETS MAY

Not Be Accepted by Council Unless Some Repairs Are Made at Once.

The condition of the paving at the intersection of West Market and Trentvale streets is very bad, and unless it is made right the probabilities are it will not be accepted by the council.

There has been a great deal of hauling done from the Gardendale road around the turn onto Trentvale street, and, owing to the fact that the work is new the heavy traffic wagons have torn the paving loose and left it in a bad condition.

The claim is made that the bricks comprising the intersection were laid wrong, as they are set in precisely the way the wagons run, and as there is something of an incline at that point it would be impossible to avoid mashing them down, but there is evidently some other reason for the bad place, as the contractors having the work in hand should be in a position to know how to form an intersection.

However, it is certain the work will not be accepted in its present condition.

Woman's Horror

Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhœa stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cured Miss Garlen will certainly help you.

McELROY'S Wine of Cardui

Rockford, Tenn., Aug. 16, 1890. I have suffered from womb trouble for five years. Last spring a year ago I was bedfast for six months. I paid \$52 to one doctor, and he said he had done all he could for me. I had about given up, but called another doctor, who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get hold of a Ladies' Birthday Almanac, and decided to try your treatment. In nine days after I commenced taking Wine of Cardui and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health. Miss S. E. GARLEN.

THE INTERSECTION

AT WEST MARKET AND TRENT-
VALE STREETS MAY

Not Be Accepted by Council Unless
Some Repairs Are Made
at Once.

The condition of the paving at the intersection of West Market and Trentvale streets is very bad, and unless it is made right the probabilities are it will not be accepted by the council.

There has been a great deal of hauling done from the Gardendale road around the turn onto Trentvale street, and, owing to the fact that the work is new the heavy traffic wagons have torn the paving loose and left it in a bad condition.

The claim is made that the bricks comprising the intersection were laid wrong, as they are set in precisely the way the wagons run, and as there is something of an incline at that point it would be impossible to avoid mashing them down, but there is evidently some other reason for the bad place, as the contractors having the work in hand should be in a position to know how to form an intersection.

However, it is certain the work will not be accepted in its present condition.

Woman's Horror

Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhœa stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cured Miss Garlen will certainly help you.

Wine of Cardui

Rockford, Tenn., Aug. 16, 1899. I have suffered from womb trouble for five years. Last spring a year ago I was bedfast for six months. I paid \$52 to one doctor, and he said he had done all he could for me. I had given up, but called another doctor, who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get hold of a Ladies' Birthday Almanac, and decided to try your treatment. In nine days after I commenced taking Wine of Cardui and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health. Miss S. E. GARLEN.

And bring children into the world to suffer from an inherited blood taint? People do not realize that foul blood may lurk under a fair skin, and that the fire smoldering in the blood of the parent may break into flame in the flesh of the child. Dr. Pierce's Golden Medical Discovery puts out the smoldering fires of scrofula. It cleanses the blood from disease taints, strengthens the weak lungs, heals the diseased stomach.

"Dr. Pierce's medicine has done wonders for my two sons," writes Mrs. M. Hartwick, of Oswego Co., N. Y. "Both had scrofula. I have lost two daughters in less than five years with consumption and scrofula. My eldest son was taken two or three years ago with hemorrhage from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery, and has not had one in over a year. My younger son had scrofulous sores on his neck; but has not had any since he commenced to take your medicine."

And bring children into the world to suffer from an inherited blood taint? People do not realize that foul blood may lurk under a fair skin, and that the fire smoldering in the blood of the parent may break into flame in the flesh of the child. Dr. Pierce's Golden Medical Discovery puts out the smoldering fires of scrofula. It cleanses the blood from disease taints, strengthens the weak lungs, heals the diseased stomach.

"Dr. Pierce's medicine has done wonders for my two sons," writes Mrs. M. Hartwick, of Demarest, Oswego Co., N. Y. "Both had scrofula. I have lost two daughters in less than five years with consumption and scrofula. My eldest son was taken two or three years ago with hemorrhage from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery, and has not had one in over a year. My younger son had scrofulous sores on his neck; but has not had any since he commenced to take your medicine."

THE COURT WILL DECIDE IT

Lisbon, Nov. 24.—(Special)—Thomas Manley and Thomas Buckley, executors of the estate of the late Maria Manley, of East Liverpool, are puzzled as to the distribution of her estate and have applied to the court for aid.

By her will Mrs. Manley disposes of the Manley homestead property in East Liverpool, the same to be divided between Thomas and Jethro Manley, Jr., Harrriet Simms, Alice Buckley, William Manley and Rebecca Talbott, while the personal estate was also disposed of among heirs.

After her death, which occurred last year, the plaintiffs qualified as executors and as such proceeded to collect money due the estate and make distribution of the same when they discovered that the will of the late Ellyson Manley, husband of the deceased, and the will of the wife conflicted one with the other.

Ellyson Manley's will was made in 1861 and left his whole estate to his wife for her own use, except that she was to be guardian of Thomas and Jethro Manley and that the estate was to be used as such for their benefit.

The court is asked to rule as to the rights of the heirs.

AN UGLY CHARGE.

James Brashor, a Former Resident of This City, Accused of Assaulting His Mother.

The following in regard to former residents of this city is interesting:

James Brashor, one of the young men in jail on the charge of being concerned in the robbery of gas meters, may have to answer a more serious allegation. Yesterday afternoon Superintendent of Police Henry Muth, of Allegheny, made an information before Magistrate Henry Hunneshagen, of Allegheny, charging Brashor with felonious assault and battery on his mother, Mrs. James Carroll, of 200 East Robinson street, Allegheny.

Mrs. Carroll has been confined to her bed since the alleged assault, about a month ago. Her physician, Dr. W. M. Babb, notified Superintendent Muth yesterday that he could not predict the outcome of her injuries.

Brashor was arrested last Friday night by Detective T. J. O'Brien on the charge of robbing the grocery store of Mars Nobs, East Robinson street. The next day he confessed to being a member of the gang of gas meter thieves.

THE SUPPER

Given by the Young Ladies' Missionary Society Was an Immense Success.

The Young Ladies' Missionary society of the First Presbyterian church last evening upheld the reputation

they have so richly earned as being caterers of no small ability.

The supper they gave at the church last night was one of the best ever given in the city and at least 450 people were served, 24 turkeys being used. Everybody who attended the supper received fully 50 cents worth of eatables for 35 cents, and there was not a man, woman or child sorry they attended.

THE RIVER.

BUSINESS IS BRISK AT THE LOCAL WHARVES.

The City of Wheeling, a New Packet Passed Up Last Evening.

Business along the river continued brisk today.

The City of Wheeling, a new packet, passed up last night for Pittsburgh. The boat will run in the Pittsburgh-Parkersburg trade. A good business was done at the local wharf.

The Ben Hur will not pass up on her regular trip tomorrow, as a break in the machinery has tied the boat up at Parkersburg. The Avalon will make the trip tomorrow in its place.

The City of Pittsburgh, which has been in the Pittsburgh-Louisville trade, has been taken off the Ohio river. The boat will run between Cincinnati and Memphis.

The Greenwood passed down last night for Charleston.

Tow boats continue to pass and a large amount of coal was taken down the river today. Unless the river continues to rise the large boats will be unable to get out.

The marks at the wharf this morning registered 10 feet and stationary.

NOTHING SPECIAL.

The East Liverpool School May Have Appropriate Exercises for Thanksgiving.

The schools of the city will be dismissed on next Wednesday evening, November 28, for the week, owing to Thanksgiving.

There may be appropriate exercises in the various buildings, although there is no general movement of that character, the heads of the different departments being permitted to use their own discretion regarding the nature of the exercises.

DROPPED DEAD.

Mrs. Belle Chambers Passed Away At Her Home at Wellsville Today.

Mrs. Belle Chambers, colored, died very suddenly at her home on Broadway, Wellsville, shortly before noon today.

Deceased had been suffering with dropsy for about five months. She was aged 44 years and is the mother of George White, of this city.

Deputy Tax Collector J. M. Elliott before leaving the city placed 17 cases in the hands of Squire McCarron. The cases are for taxes.

HIGH SCHOOL WON ANOTHER GAME

Defeated the Diamond Indians On the Gridiron at Rock Springs Yesterday.

SCORE WAS SIX TO FIVE

Rigby Fumbled and Witherow Made a Run of 40 Yards and a Touch Down.

INDIANS WANT ANOTHER TRIAL

Again has victory perched itself upon the banners of the high school eleven and yesterday afternoon they defeated the Diamond Indians by a score of 6 to 5 in a clean, well played game.

The Diamond Indians kicked off and the high school boys made several gains, Rigby then went around the end for a gain of 8 yards, but lost the ball on a fumble and Witherow gathered it up and made a run of 40 yards for a touchdown.

The high school kicked off and the Indians played slow for time, making short gains through the line. The half ended with the ball in the Indians possession.

In the second half the high school kicked off and the Indians made a few short gains and then lost on downs. The high school got the ball in the middle of the field and proceeded to push the Indians back, Louthan and Armour making gains. Finally Armour took the ball between the end and tackle on two consecutive plays for a touchdown and kicked goal.

The Diamond Indians kicked off to the 20-yard line. The ball was carried for 30 yards by Armour, and Gardner made a 6-yard gain.

Fifteen-minute halves were played. The elevens lined up as follows:

Indians—5. High School—6. Hester Left end Gardner Cartwright Left tackle Dorff R. Price Left guard McBane Price Center Frederick Witherow Right guard Orrin Gibson Right tackle Schepp Stevenson Right end Louthan Robinson Right half Cripps Coleman Left half Rigby Pollock Quarterback Clinton Tyson Fullback Armour Referee, Woods; umpire, Stevenson; touchdowns, Armour, Witherow.

Notes.

The Indians would like to play the high school without Prof. Armour in the game.

If the high school eleven continues to improve they will be able to play anything in the city.

It was Prof. Armour's third game this week and still he don't look any the worse for wear.

A RUMOR

That Will George, of East Palestine, Will Manage the Peoria Pottery.

The Peoria correspondent to the Commoner says:

There is a rumor here that William George, manager of the East Palestine and Canonsburg shops, is going to manage this shop after the first of the year. Mr. George was over here about a month ago looking over the shop. It may be all right for us, but as a rule managers always have some

men who they want to bring with them and may be some of us will be out.

This is only a rumor, but there are good grounds for it. It looks like the shop here will continue on the bum till Christmas.

NATIONAL GUARDS

Want the Tigers to Settle Before They Play Another Game With Them.

Those who have something to do with the management of the National Guard foot ball club assert that no game will be played with the Royal Tigers until the dispute in regard to a settlement of the receipts of the game last Monday is made.

When the game was arranged it was agreed that the proceeds should be divided on the plan of 40 and 60 per cent, the winner to have the big end of the deal.

Manager Smith, of the park, will recognize no one in the transaction but Manager Gallaher, of the Royal Tigers, who hired the grounds from him, and paid the money to him.

According to the best authority the game was won by the National Guards, but Gallaher steadfastly refuses to pay them the winner's share.

Accordingly the management of the National Guards will not consent to play until a settlement is made.

The Misses Stewart Entertain.

New Cumberland Independent.

Misses Leone, Jane and Maude Stewart entertained at their pleasant home in Gas valley last Wednesday evening.

The affair was unique in all its arrangements and was one of the most pleasant social functions of the season. It was given in honor of Miss Ina Mayhew, who was soon to return to her home in New Brighton after a protracted visit in the valley. Miss Mayhew is a charming young lady and very popular in social circles. She will be much missed.

Not a Victory for Bryan.

CELLAR WALLS WERE RUINED

Lisbon, Nov. 24.—(Special)—The jury in the case of William Ivers, administrator of Mary A. Ivers, against the city of East Liverpool, were charged at 9 o'clock last night and after about two hours deliberation returned a verdict in favor of the plaintiff for \$500.

The jury decided that Ivers was not entitled to damages by reason of the death of his wife and the amount rendered in judgment was awarded for damages to the cellar of his house by reason of the water leaking through from Peach alley.

He sued for \$5,000.

INGRATITUDE.

Ingratitude is one of the very meanest and most despicable traits in human nature. You load some miserable creature with favors for years, and he will then turn about and sting the hand which has fed him. We have several of him in East Liverpool. Poor, pitiable, contemptible, measly fellows. The only thing they fully appreciate at its true value is a stiff blow in the jugular or on the point of the chin. They are not susceptible to refining influences or kindness. Save one of the class from the penitentiary and he will do you dirt on the first good opportunity. You know him. No need to name him in these columns. Oh, the baseness of ingratitude.

VILE PAPERS.

They are a power for evil in any community. They pander to the vicious and depraved class, and are a curse to any city or town. No good and true citizen should admit such a sheet to his family. CASH FOR THE OHIO RIVER

▲ Decided Effort Will Be Made to Get an Appropriation From Congress.

DAMS ARE BADLY NEEDED

Local Parties Will Endeavor to Get Hon. R. W. Tayler Interested

SENT A PETITION LAST YEAR

Several months ago a large petition was drawn up in this city and presented to Hon. R. W. Tayler, asking that he use his best efforts in congress to have the Ohio river dammed sufficiently so that it will be navigable the year around.

There has not been a coal boat stage in the river between June 18 and November 23, with the exception of a light shipment on July 27.

This is the longest period the river has been unnavigable for years, and the people here who are interested are very desirous of having a change.

They propose to ask Congressman Tayler to help get an appropriation from congress and represent them in a way that they will get relief, as they fully recognize his ability to push any matter in which he is interested, and feel confident that he will look after the interests of his district in a capable manner.

Another thing that has buoyed the local people on to a decision is the fact that Congressman E. F. Acheson, of Washington, says he proposes to devote his entire time to securing appropriations for the Ohio and Monongahela rivers.

He is a member of the committee on rivers and harbors, and thinks that all the money spent in improving the waterways hereabout will go to these two rivers—for the Monongahela \$1,600,000 will be asked. This is to be used in rebuilding dams 1, 2, 3, 4, 5 and 7. When this work is completed the congressman says that the river will be in good shape.

On the Ohio three new dams are to be asked for. One is to be at Parkersburg, another at or near the mouth of the Little Miami and the third below Cincinnati. Mr. Acheson says it is the desire of those interested in the improvement of the Ohio to secure appropriations for more dams at this session, but he doubts if it can be done. He thinks that the government could well afford to complete the slackwater system between Pittsburgh and Cincinnati, insuring a navigable river the year around.

Congressman John Dalzell is also working to secure a deeper river between Pittsburgh and the south. His

plan is to make the depth of the pools nine feet instead of six. A bill to accomplish this will be introduced by Mr. Dalzell. It would be necessary to dredge the channel, the plan being to take out three feet just below the dam. The depth could then be gradually decreased as the next dam was neared. It is said that it would only be necessary to dredge as far as the Beaver river.

The interests of the Allegheny will be looked after chiefly by Congressman W. H. Graham, Joseph C. Sibley and the other representatives whose districts border on that stream. It is doubtful if much can be secured for this stream, as the members of the river and harbor committee usually work together. Mr. Acheson is the Pennsylvania member, and he is more interested in the improvement of the Ohio and Monongahela than the Allegheny.

Mr. Acheson says there will be no hope for an appropriation for the Youghiogheny river at this season. For many years an effort has been made to secure government aid in making this stream navigable. The committee has always refused to pass upon it favorably.

The parties here are willing to use every effort within their power to have the river improved and think that Hon. R. W. Tayler would make a valuable addition to the committee that is now working for the betterment of the river. They also think some of the money to be expended should be spent near this city, and the three dams are not all that are needed.

A LOT OF FILTH PASSED THE CITY

Wickets at Davis Island Dam Lowered Yesterday and a Telegram Sent Here

TO WATER WORKS DEPARTMENT

Pumps Continued to Work and a Part of the Filth Went Into the Reservoir.

WHERE'S THE NEW RESERVOIR?

It is customary for the government officials at Davis island dam to notify all the towns along the river when the wickets at the dam are to be lowered, and a telegram was received in this city yesterday afternoon notifying the local water works department.

This simply means that all the filth that had accumulated in the dam since June 18 started to pass this city about 2 o'clock yesterday afternoon and was still passing at midnight. The announcement by the government officials is made in order that all the cities that depend upon the Ohio river for their water supply can shut down their pumps and wait until the filth has passed.

The telegram made no difference with this city, and while the filth passed here still the pumps worked on pumping the water into the reservoir, where it passed out through the mains into the homes of the people of this city, to be used and drank.

The filth has all passed, but the water pumped into the reservoir and thence into the mains has not all been used and it is a shame that such a state of affairs exists.

The question naturally with all people would be: "Why were the pumps not stopped until the filth passed?" It is one very easily answered, "Simply because the city would have to do without any water if the pumps were stopped for any length of time, as the supply is about equal to the demand."

The pumps should be shut down at least two or three days in order to be on the safe side, but it cannot be done with the present facilities.

Work was started on a new reservoir last year, and people in the city would like to know why it is not finished. If it had been completed the people here would have an abundant water supply to last several days and the pumps could have been stopped.

That reservoir should be finished as soon as possible, so that the next time the wickets are lowered the filth can go by this city, at least without being pumped into our reservoirs.

It would be impossible to imagine the amount of filth that collects in the dam during the several months, and if the water was not very unsanitary and unhealthy the government would not take the trouble to notify towns along the river that it was coming.

What is needed is a determined and decided effort to have that new reservoir finished as soon as possible. East Liverpool is noted the country over for its splendid water works system, but there is not enough of it. The reservoir is badly needed in order that the residents may get clean, healthy water at all times.

FRANCE.

France shows her hatred of England in her reception of Oom Paul Kruger.

NAVIGABLE.

By all means make the Ohio river navigable the year around. Bless the legislators who will accomplish this desirable feature.

STREET CAR SERVICE.

Will our councilmen comply with the wish of the people and compel better service? The law is specific and plain. Enforce that law.

FILTHY WATER.

Is it not a burning shame that the citizens of East Liverpool are compelled to drink filth and refuse? Will not wise legislation and legitimate expenditure remedy the awful evil?

DON'T DO IT.

Don't censure a man for advocating the right. Condemn him for advocating the wrong. The surest evidence that a man is in the right path, and advocating truth and right and purity and clean life, is the fact that every evil and vile and bad woman or man in the city hates him from center to circumference.

WATCH HIM.

Watch who? Watch the ward heelers and bleeders. Keep your eye upon him, candidates for office. He professes to be a vote gatherer. Call him down. His influence don't amount to shucks. He's the smallest potato in the hill. He's merely a nubbin' among the full ears of corn. Turn him down. Freeze him.

EVIL DEEDS.

Evil deeds. They love darkness rather than light. Respectfully referred to the members of our city council. Help as out, gentlemen, with an arc light, placed in the center of Forest and Walnut streets. Forest sadly needs it, while Walnut, between Forest and Kossuth, will be greatly benefited.

THE DIFFERENCE.

Observant business men will tell you that careful observation of their employes demonstrates the fact that there are two special classes of workmen, widely different in their characteristics. One class can best be designated as the "Slow Starters" and "Quick Quitters." This class finds it exceedingly difficult to be on hand when the whistle blows, and generally manage, when they are on hand, to start to work about five or ten minutes after the proper time for commencing work. The spirit of unfairness characterizes them throughout the day, and their principal aim seems to be to kill time and do as little as possible for their employer. This is a good class to do without, and the wise business man will only employ its members when he cannot secure their superiors. The second class is composed of men and women who are always on time and who actually dread to be late. They are generally on hand a few minutes before starting time and commence active work the minute the whistle blows or the bell rings. They are not rushers or splutterers, but simply make it their aim to give a fair day's work for a fair day's wage. They do not tackle work eagerly when the employer is present and loaf when his back is turned. They do their work conscientiously and carefully, and seem to be aware of the fact that their interests are identical with those of their employer. They take good care of tools and keep their special departments in neat order, and see that everything is ship shape before leaving for home. The members of this class are treasures, much to be desired. They are always sure of steady employment, at remunerative wages. They are believers, practically, in the golden rule. Which class do you represent?

.. HOLIDAY GIFTS ..

—EMBRACING—

EVERYTHING IN THE JEWELRY LINE.

Diamonds a Special Feature.

I MOST respectfully urge upon those who practice the beautiful habit of gift-giving at Christmas (which should comprise all who entertain the sentiments of love, or regard, or sympathy, or good-will) to visit my store at this eleventh hour, instead of waiting for a later time. The appeal is not entirely selfish, for I want to give every prospective buyer the opportunity for deliberate choice, assisted by my judgment and technical knowledge. Such opportunity is not so full and complete in the pressure of the busy days when the hand is nearing twelve. Nor is the choice of goods so large and fine in the waning hour, for here and there attractive pieces are picked out by the forehanded buyer, the assortment is broken, the completeness is shattered. I have practiced the advice which I am here preaching, in provisioning my store. My Christmas stock is substantially all on view now. There are odds and ends yet to come, but the bulk of my purchases is here. I have far surpassed my preparations in previous years and my shelves and show cases contain something for everybody who contemplates making a gift. This collection is yours to see and examine freely, without incurring any obligation to purchase—and to see and examine again and again, if you appreciate the beautiful in Art, even if your mind is set on books, or furniture, or dry goods, or whatnot, for your gift. You may make my store a meeting place with your friends, or a show place for your visitors, or a resting place for yourself, in comfortable assurance that I will not intrude business upon you inopportune. And if you suggest the business, I will tell you the truth as to qualities, will give you the right prices as to values, will store your purchases until you want them, and will make you comfortable in mind and purse, so endeavoring to deserve your confidence from the first hour to the twelfth of the year of trade.

EAST END. WILL INCREASE THE CAPACITY

Potters' Mining and Milling Company to Build Extensive Addition at Once.

THEIR TRADE IS VERY GOOD

The Numerous Additions to the Potting Industry Has Made the Addition Necessary.

ALL THE NEWS OF EAST END

The Potters Mining and Milling company, in the East End, have concluded, owing to the increased demand for the product, to make extensive improvements. The materials produced by them are absolutely indispensable, and since the various potteries of the city have increased their capacity the demand is greater than their present facilities can supply.

The plant now has a capacity of 18 cylinders, and yesterday measurements were made and figuring done with the end in view of adding 14 cylinders to the present number.

It is said this work will be commenced at once, and the firm hopes to have it completed by the first of the year.

ROYAL TIGERS

Are Willing to Meet the National Guards at Any Grounds They Will Select.

At a meeting of the Royal Tigers held in East End last night, all member of the team being present, it was definitely decided to place a forfeit of \$25 in the hands of Dr. F. F. Davis for a game with the National Guards.

It was also decided to be magnanimous in regard to the place selected for the playing of the game, and they will go anywhere the Nationals may select, excepting Wellsville.

There has been some dispute as to the division of the gate receipts of the last game; but this, Manager Gallaher says, will be settled to the satisfaction of the management of the National Guards just as soon as the arrangements for the next game are completed. All details will be arranged when the \$25 in the hands of Dr. Davis is covered, and the disposition of the Tigers is to place no obstacles in the way of a meeting.

Kerr Bros.' team was secured, and after several efforts to pull the load out from the front, they were compelled to unhitch the horse and pull the wagon out backwards. The outfit was loaded with slate.

Toilet Fixtures.

We are showing a complete line of bath room fixtures. Come and see what we have, at least, at the Eagle Hardware Co.

Organizing a Euchre Club.

A number of the employees of the various departments at the Klondike pottery some time ago organized an euchre club, and have gotten a great deal of enjoyment out of the sport. Two kiln hands had about decided to drop out, as they had not won a single game. Yesterday they succeeded in getting a game, and are now the most enthusiastic members of the club.

Business Has Increased.

The business of the American Steam Laundry, under the present management, has materially increased within the last three weeks, and promises to take its place among the foremost enterprises of this vicinity.

SOUTH SIDE.

A MEETING

Of the Board of Education of Grant District Was Held Yesterday.

The board of education of Grant district met yesterday afternoon, members Thomp. Allison, E. E. Hewitt, B. J. Newell and Clerk A. G. Pugh were present and all the Chester schools were visited.

At the new department in the Burns building it was found that the room was overcrowded, and the board deemed it advisable to send a number of the pupils to Miss Milady's school in the lower end of town.

The question then arose as to how the pupils were to get to school during the rough weather, and since the Rock Springs street railway had been carrying such of the scholars as live at the extreme east end of town to the present building, the board decided to request them to arrange for the transportation of these pupils as far south as the Thompson building. If this is done the scholars will have but a short distance to walk to school.

Manager Flood was interviewed yesterday in regard to the matter, and the board are to receive an answer on Monday.

Taking an Invoice.

An invoice is being taken at the

Chester grocery, preparatory to starting the new year.

A. J. Thrasher, Oliver E. Bingham and G. A. Arner have been busily engaged at the work since yesterday and will finish up tonight.

The year had expired on October 24 and the work has been delayed for almost a month, owing to the firm being too busy to attend to it before.

Manager George A. Arner has been engaged for another year, together with all the former employees. A new bookkeeper will be put to work about the first of the year.

Cutlery Department.

This is where you can find all the latest ideas in sterling silver, cut glass and art pottery ware. The Eagle Hardware Co.

Southside Notes.

Miss Nannie and Blanche Daman, of New Cumberland, are guests of friends in Chester.

Rachel Baxter and Annie Bambrick are today calling at the home of Mr. and Mrs. O. O. Allison.

Prof. George Fullerton, one of the most prominent educators of Hancock county, residing in Fairview, was in Chester today.

A branch of the Mystic Circle will be organized in Chester next week. The new lodge will be instituted in Mechanics hall.

James Cameron, of Fairview, is in the city.

Robert Banfield will leave the first of the week to take a position as roller in the mill at Canal Dover.

Dedication Services.

All arrangements have been completed for the dedication tomorrow of the Methodist Episcopal church.

Bishop John W. Hamilton, of San Francisco, arrived from Pittsburg this afternoon and Rev. Mechem, of Wilkinsburg, came in this morning. All others who have a part in the program will be in on time and the printed program will be carried out to the letter.

A New Telephone.

A new Columbiana county telephone has been placed in the Taylor, Lee & Smith pottery. The number is 380.

No Services Tomorrow.

There will be no services at the Free Methodist church tomorrow, owing to the dedicatory services at the Methodist Episcopal church.

Went to Fairview.

James Reed went to Fairview today to spend Sunday with his parents.

Salts and Peppers.

THE INTERSECTION

AT WEST MARKET AND TRENT-VALE STREETS MAY

Not Be Accepted by Council Unless Some Repairs Are Made at Once.

The condition of the paving at the intersection of West Market and Trentvale streets is very bad, and unless it is made right the probabilities are it will not be accepted by the council.

There has been a great deal of hauling done from the Gardendale road around the turn onto Trentvale street, and, owing to the fact that the work is new the heavy traffic wagons have torn the paving loose and left it in a bad condition.

The claim is made that the bricks comprising the intersection were laid wrong, as they are set in precisely the way the wagons run, and as there is something of an incline at that point it would be impossible to avoid mashing them down, but there is evidently some other reason for the bad place, as the contractors having the work in hand should be in a position to know how to form an intersection.

However, it is certain the work will not be accepted in its present condition.

Woman's Horror

Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhœa stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cured Miss Garlen will certainly help you.

Wine of Cardui

Rockford, Tenn., Aug. 16, 1899.
I have suffered from womb trouble for five years. Last spring a year ago I was bedfast for six months. I paid \$32 to one doctor, and he said he had done all he could for me. I had given up, but called another doctor, who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get hold of a Ladies' Birthday Almanac, and decided to try your treatment. In nine days after I commenced taking Wine of Cardui and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health.

Marry

And bring children into the world to suffer from an inherited blood taint? People do not realize that foul blood may lurk under a fair skin, and that the fire smoldering in the blood of the parent may break into flame in the flesh of the child. Dr. Pierce's Golden Medical Discovery puts out the smoldering fires of scrofula. It cleanses the blood from disease taints, strengthens the weak lungs, heals the diseased stomach.

"Dr. Pierce's medicine has done wonders for my two sons," writes Mrs. M. Hartwick, of Demarest, Oswego Co., N. Y. "Both had scrofula. I have lost two daughters in less than five years with consumption and scrofula. My eldest son was taken two or three years ago with hemorrhage from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery, and has not had one in over a year. My younger son had scrofulous sores on his neck; but has not had any since he commenced to take your medicine."

Use Dr. Pierce's Pleasant Pellets for the bowels and liver.
